REMARKS

TECH CENTER 1600/2900

Claims 1-28 are pending in the application. Claims 1-28 are allowed. An updated Sequence Listing, including the serial number and filing date of the present application, is submitted herewith in paper copy and electronic disk.

An abstract is submitted herewith.

A replacement sheet for Fig. 3 is also submitted in response to the Notice of Draft Person's Patent Drawing Review.

Examiner has returned applicants' three-page PTO Form 1449. All reference citations were initialed by Examiner except citations AM, AN, and AO. It appears that Examiner meant to draw a connecting line between her initials adjacent citations AL and AP to cover AM, AN and AO, but neglected to do so. Examiner is requested to initial citations AM, AN and AO and return the corrected page to the undersigned with the next action.

The application is believed to be in condition for allowance. An early action for that end is most earnestly solicited.
